

To help narrow your search results use keywords in your search and select a specific specialty and location you are interested in. For example if you are searching for a lecturing position in the School of Mathematics in Perth, type mathematics in the keywords box and select Lecturers & Tutors and Perth in the drop down boxes.

Searching for jobs can be time consuming. Choose the Email me Jobs options to receive weekly email with jobs of interest to you to save you time on searching for jobs.

You can save your jobs search results simply by clicking the "Save Jobs in Page" button at the bottom of your search results. To save specific jobs, select the jobs you wish to save then click the "View Selected Jobs" and choose "Save Selected Jobs". To view your saved jobs next time go to Find Jobs tab and choose My Saved Jobs.
